

# Whitney Houston, Feels So Good

You are the first, you'll be the last  
To hold me  
And from the time we met I knew you would be  
'Cause when I'm with you  
My heart just beats so fast, so slowly  
I can't control myself because only you  
Can fulfill my every need  
Only you can save me  
And with you my heart is running free, babe  
Listen to me

CHORUS:

Ooh...when you love me  
Feels so right, when you hug me  
Ooh...when you love me  
Feels so good  
Ooh...when you love me  
Feels so right, when you hug me  
Ooh...when you love me  
Feels so good  
I've never been in love before  
Until now  
And anything you know  
Won't you show me how  
Because I want and need your love, so dearly  
And it's my strongest prayer to make you see that  
Can fulfill my every need  
Only you can save me  
And with you my heart is running free, babe  
Listen to me  
(CHORUS repeat to end)
