

# Whitney Houston, In My Business

Baby why I get so many people telling  
Me they seen you up in  
The mall  
Are they mistaking  
All up on some chick  
As though I don't exist  
What is this  
Why they all up in our business  
It's just 2 ridiculous  
I can't get no sleep  
They just keep warning me  
Should I believe it  
They say I don't need it  
I just can't make up my mind  
Up my mind  
Honey 2 many people say you're faking me  
They ask what have you done lately  
They say we won't last so they are predicting  
That it's over, it's over  
Too many girls they dislike me  
Since I got you  
They wanna fight me  
Cause I'm the chick walking around  
With the ring  
Tell me why these hoes don't even like me

Why they all up in our business  
It's just 2 ridiculous  
I can't get no sleep  
They just keep warning me  
Should I believe it  
They say I don't need it  
I just can't make up my mind  
Up my mind

Oh boy it's all the love that you're giving  
They mind cause love is what they're missing  
That's why they stay up in our business
