

# Wild Orchid, Supernatural

Love like a river  
Flowing deeper than time  
Rushing over my senses  
Like sweet cherry wine  
Stole my emotion  
Like a thief in the night  
Love made me an offer  
I couldn't deny  
You raise me up until I can't see the ground  
Wanna tell this whole world about this love that I found

Chorus:  
Supernatural love  
You're giving me  
Supernatural high  
Heaven sent from above  
Supernatural love  
Oh, supernatural

I'd like to thank you  
For changing my world  
You made a woman  
From a lost little girl  
My soul was searching  
Searching to find  
Something to cherish  
A love so divine  
I'm hypnotized by feelings I've never felt  
It's like your magic put me under a spell

Chorus

B-section:  
Keep on, keep on giving me  
Keep on, keep on giving me  
Keep on giving me  
Supernatural love  
(2x)

I'm hypnotized by feelings I've never felt  
It's like your magic put me under a spell

Chorus

Lift me up higher, higher and higher  
Lift me up higher than I've ever been before  
Lift me higher, higher, and higher  
With supernatural love

B-section (2x)
