

# Wilderness, Marginal Over

face the facts o fact the face  
trace the act oh act the trace  
erase the act o act the erase  
replace the fact o fact the replace

well marginal over spectacle there  
spectacle there  
over wrung woes let the light show  
let the light show

and who has the most dominant mind

and here come the men from foreign lands  
foreign lands foreign lands

marginal over spectacle there  
over wrung woes let the light show
