

# Wilki, Crazy Summer

Wake me up when You go away  
Maybe i go mad, but i wanna say  
We have no way  
Live on me till tomorrow  
When you kiss (me) in the break of day  
I feel your hair all over my face  
I know i need you  
Live on me till tomorrow  
Let's try to run into the rain  
Let's recall the glare of flame  
Try to remind me day by day  
Of that crazy summer  
That hot crazy summer  
Wake me up in the break of day  
I wanna feel your hair on my face  
Want to remind you  
That hot crazy summer  
That hot crazy summer  
Where do we go now  
Come on bejbe :-)  
Where do we go my friend
