

# Will.I.Am, T.H.E. (The Hardest Ever) - feat. Jennifer Lopez

[will.i.am]

Oh my goodness, this beat is so hard...  
Oh my goodness, this beat is so hard...

I'ma go hard, hard to the core  
Hard like motherfucking liquid swords  
Harder than worldwide stadium tours  
I am the future, Delorean doors  
Will he survive? Never deceased  
I don't think I'ma ever rest in peace  
I'ma kill the game, leave the rest in pieces  
Now everybody want my recipes  
Tell a jealous chicken that I know what the beef is  
I'm just making money for my grandkids' nieces  
I'ma work hard, that's my basis  
This beat is a shit, feces  
Pardon me ma'am, I'ma go dumb  
Small.i.am, I'm complicated, hard.I.am  
I end the beginning, then starting again

[Jennifer Lopez]

You can go hard or you can go home  
You can go hard or you can go home  
You can go hard or you can go home  
You can go hard or you can go home

You can go hard or you can go home  
You can go hard or you can go home  
You can go hard or you can go home  
You can go hard or you can go home

[will.i.am]

Oh my goodness, this beat is so hard...  
Oh my goodness, this beat is so hard...

You can get that, or you can get this  
You can call it demon, I'ma call it Jesus  
You can get a curse, you can get a cross  
You can go to work, or you can be the boss  
I'ma be the owner, be a thought donor  
I'ma go hard like a motherfucking boner  
I'ma make the beat put the people in a coma  
You can be a geek or be a rolling stoner  
I woke up in the morning  
Hard like morning wood in the morning  
Woke up thinking about my component  
E.T. own the mic from the homeland  
I'm way out like NASA, I'm way over here, I don't pass you  
I get stacks of cash, you get cachous  
I go hard... statues

[Jennifer Lopez]

You can go hard or you can go home  
You can go hard or you can go home  
You can go hard or you can go home  
You can go hard or you can go home

You can go hard or you can go home  
You can go hard or you can go home  
You can go hard or you can go home  
You can go hard or you can go home

Now let me take this time to say  
I don't wanna lead you on

You can go hard or you can go home  
Well I, I know there is a life to take  
I don't wanna lead you on  
You can go hard or you can go home  
You can go hard...

[will.i.am & Jennifer Lopez]  
Wait a minute, I'ma make it a little harder  
I'ma make it a little harder  
Give it to you a little harder  
THIS IS HARD...

[Mick Jagger]  
Hard like a rock 'n' roll  
The time bomb's tickin', explode  
Baby this is dynamo  
Better move back now  
It's 'bout to blow

Hard like Geometry,  
And Trigonometry  
This is crazy  
Psychology  
Get it baby, I'm 'bout to win  
Watch out now I'm going in

You can go hard or you can go home  
You can go hard  
You can go hard or you can go home  
You can go hard

You can go hard or you can go home  
You can go hard  
You can go hard or you can go home  
You can go hard
