

# Will Young, Cruel To Be Kind

V1

Mmm

babe I'm sorry but i just can't stand the pain  
if you're leaving baby, let me say one last thing  
you tell me I don't care but you know that just ain't true  
I got news, that I'm still in love with you  
Girl have'nt you been around me long enough to know  
oooh that I need your love and I won't let go

Ooh you don't have to be cruel to be kind  
you break my heart, you hurt me so  
kick me out because I ain't leaving  
oooh you don't have to be cruel to be kind  
I'm feeling that you got me wrong  
all I want is you back where you belong

Yeah

Forget about the things we could and should have done  
coz it's not to late no no  
Ain't the best 'til yet to come  
what we have is a chance to start over  
and make it anew  
so trust what you feel  
don't hide from what's real  
every word I say is true Yeah  
Girl haven't I told you this a thousand times before  
oooh that I don't want you going through that door

oooh you don't.....

I'm telling you  
that I need you  
I ain't leaving(x2)

oooh you don't .....(till fade)

Will young- From now on  
Track 10
