

# Will Young, Elizabeth Taylor

I feel like Elizabeth Taylor  
This could be a movie  
I feel like Elizabeth Taylor  
Red lips, dark hair

Alone on my trailer  
Under my white shirt  
Heart like stone  
Wearing fake designer and pearls  
I've loved  
I've lost and loved again  
But here i am on my own

I feel like Elizabeth Taylor  
Do i make your nervous?  
I feel like Elizabeth Taylor  
And not just one the Surface

I've loved  
I've lost and loved again  
But here iam a  
Here i stand  
I've loved  
I've lost and loved again  
But here i am
