

# Will Young, From Now On

Hey, hey  
I don't understand  
What's the plan  
Why I'm standing here today  
All I've ever known is  
A fear to be grown up  
And take the blame  
It was not too clear  
Cause this is new to me  
Was it plain to see?

No time for insecurity  
It's never coming back to me, oh no

Chorus  
Never seem to get it  
When I know what I want  
Cause it's all i hide  
Never knew a time when I though it was right  
To get it off my mind  
I was oh so blind  
I was wrong  
Cause it's all about my feelings  
From now on

Hey hey  
I don't really care if  
You share all the pain  
That I left behind  
It doesn't really matter  
Cause now I've got my peace of mind  
Let me make it clear

No time for insecurity  
It's never coming back to me, yeah hey

Repeat Chorus

It's all about my feelings from now on  
It's all about my feelings from now on  
It's all about my feelings from now on  
Repeat to fade
