

# Will Young, Ready Or Not

Groove addiction taking over me  
'Cause I'm cruising like you want to be  
I need to get to know your energy  
But I'm feeling like we're meant to be  
I got to tell you

Are you ready 'cause I'll never give up  
Baby I'm coming if you're ready or not  
Gimme gimme loving 'cause you've got to get with me  
You've really got me going and I'm falling in love  
Baby don't you know and it's never enough  
No, you've got me falling on my knees

Chorus  
I just want your love  
You've gotta get right on with my love  
Baby your time is not enough  
Let's get it on now, let's get it on

You've got a way of making me complete  
When we're moving to the late night beat  
Mr DJ's got this party on its feet  
Now we're burning to this funky beat

Baby are you ready 'cause I'll never give up  
Baby I'm coming if you're ready or not  
Gimme gimme, oh you've got to get with me  
You've really got me going and I'm falling in love  
Baby don't you know and it's never enough  
You've got me going on my feet

Chorus

All I have to say to you is here, yeah yeah  
I can't deny it, all I need, all I need  
Tell me what it's all about

Are you ready 'cause I'll never give up  
Baby I'm coming if you're ready or not  
You've really got me going and I'm falling in love  
Baby don't you know and it's never enough

Chorus x3 to fade
