

# Willie Nelson, Faraway Places

Those far away places with strange sound and names far away over sea  
Far away places with the strange sound and names are calling calling me  
I go into China or maybe Siam I wanna see for myself  
Those far away places I've been readin' bout in a book that I took from a shelf  
I keep wishin' I was somewhere else way on a train  
I pray for the day I can get under way and search for those castles in Spain  
They call me a dreamer well maybe I am but I'm never longin' to see  
The strange far away places with the strange sound and names calling calling me  
Calling calling me
