

# Willie Nelson, Goin' Steady

Well me and my baby we're goin' steady we ain't married but we're gettin' ready  
To tie the knot I'm gonna make her my own  
Well now that I've found her I'm gonna keep her finders keepers losers weepers  
She's my baby she's goin' steady with me  
Well I've been a honky tonkin' round nearly all my life  
Now I got a steady babe and I'm gonna make her my wife  
All you rovin' ramblers can leave her alone don't even date her on the phone  
Cause she's my baby she's goin' steady with me

And now sweet baby that we're goin' steady I'll pull up and ask your daddy  
What he thinks if you and I are wed  
Cause I love you and you love me we're both as happy as we can be  
I hope your daddy will let you go steady with me  
We'll get the rings and be on our way to see the preacher man  
And when you say I do sweetheart I'll slip the ring on your loving hand  
Everything's gonna turn out fine I'll be yours and you'll be mine  
You're my baby you're goin' steady with me  
Yeah you're my baby you're goin' steady with me
