

Willie Nelson, Hold Me Tighter

I thought if I could be with you
Maybe I'd feel better
But I'm afraid I took advantage of your love
I thought if you'd just hold me tight
Maybe I'd forget her
But I don't suppose as yet
You've held me tight enough
Please hold me tighter
I still remember
Put your arms around me
Hold me close, hold me tight and long
Please hold me tighter
I still remember
And I can't love again
Until her mem'ry's gone

(steel)

Please hold me tighter...
