

Willie Nelson, I'll Love You Till The Day I Die

I only saw you once
And that was a long, long time ago
You probably don't remember me
But I thought I'd let you know
That one short conversation
Is still the reason why
I'll love you, till the day I die

You knew I was an honest man
I guess I knew it too
But if I'd known then what I know now
I'd trade it all for you
And when you turned and walked away
I didn't bat an eye
But I'll love you, till the day I die

I didn't know my heart back then
What was there to know
If I could do it all again
I'd never let you go
Twenty minutes, twenty years ago
Is still the reason why
I'll love you, till the day I die

In case I still might sleep with you
In some sweet by and by
I'm gonna love you, till the day I die
I'm gonna love you, till the day I die
