

Willie Nelson, In God's Eyes

Never think evil thoughts of anyone
It's just as wrong to think as to say
For a thought is but a word that's unspoken
In God's eyes He sees it this way
Lend a hand if you can to a stranger
Never worry if he can't repay
For in time you'll be repaid ten times over
In God's eyes He sees it this way
In God's eyes we're like sheep in a meadow
Now and then a lamb goes astray
But open arms should await it's returning
In God's eyes He sees it this way

(guitar)

In God's eyes we're like sheep in a meadow
Now and then a lamb goes astray
But open arms should await it's returning
In God's eyes He sees it this way
