

Willie Nelson, It Should Be Easier Now

Now that I've made up my mind you're gone
It should be easier now
Perhaps now my heart will stop hangin' on
It should be easier now
The lesson I learned from you gold can't buy
A heart can be broken and still survive
Thanks to you now a much wiser man am I
And it should be easier now
The worst now is over I've stood the test
It should be easier now
They say everything happens for the best
And it should be easier now
The wounds in my heart you carved deep and wide
Hollowed and washed by the tears that I've cried
Now there'll be more room for love inside
It should be easier now
