

# Willie Nelson, More And More

More and more I'm forgetting the past more and more I'm living at last  
Day by day I'm losing my blues more and more I'm forgettin' bout you  
But oh how I tried to keep you by my side  
And oh how I cried the day we said goodbye  
Day by day I'm losing my blues more and more I'm forgettin' bout you  
( steel + fiddle )  
But oh how I tried...
