

# Willie Nelson, My Kind Of Girl

My heart takes walks with her on cold and rainy days  
She leads my heart along where only love can lead the way  
And I know she'll follow me to the end of the world  
She makes me proud to say that she's my kind of girl  
She makes me proud to walk the streets of anywhere  
And if our bed be grass or cotton she won't care  
And I know she'll follow me to the end of the world  
She makes me proud to say that she's my kind of girl  
( steel )  
And I know she'll follow me...  
And I know she'll follow me...
