## Willie Nelson, Second Fiddle

You asked me if I'd care If you danced with Joe I said yes it's all right But my heart whispered no For inside I was crying For last night it was Jim Must I play second fiddle While you're dancing with them Could it be maybe I'm just imagining things Do I believe I'm second with you Only you know the answer Is it me or Joe or Jim Must I play second fiddle While you're dancing with them

(fiddle)

Only you know the answer...
