

# Willie Nelson, She Is Gone

I'm not trying to forget you anymore  
I got back into remembering all the love we shared before  
And I'd been trying to forget someone who my heart still adores  
So I'm not trying to forget you anymore

You were someone who brought happiness into my life  
and it did not last forever but that's all right  
we were always more than lovers and I'm still your friend  
And if I had the chance I'd do it all again

So I'm not trying to forget you anymore  
I got back into remembering all the love we had before  
And the best days of my life are still when you walk through that door  
so I'm not trying to forget you anymore
