Willie Nelson, She Is Gone

I'm not trying to forget you anymore I got back into remembering all the love we shared before And I'd been trying to forget someone who my heart still adores So I'm not trying to forget you anymore

You were someone who brought happiness into my life and it did not last forever but that's all right we were always more than lovers and I'm still your friend And if I had the chance I'd do it all again

So I'm not trying to forget you anymore I got back into remembering all the love we had before And the best days of my life are still when you walk through that door so I'm not trying to forget you anymore
