

Willie Nelson, Sorry Willie

See her dancing see there Willie see how reckless she is
She's a wild one as everyone knows
Why what's wrong Willie why you're cryin' what have I done
Sorry Willie I didn't know you didn't know
And I wouldn't have said all those things that I'd known
That she was your darling your sweetheart your own
Don't ask how well I know her I might lie I don't know
Sorry Willie I didn't know you didn't know
(guitar - harmonica)
And I wouldn't have said...
Sorry Willie I didn't know you didn't know
