

Willie Nelson, Sound In Your Mind

Well I've been feeling a little bad cause I've been feeling a little better without you
It's a little like rain but it's a lot like a sunny day
And it's hard to explain but the sound of your name don't make music anymore
It's more than a sound of a love that I lost one day
It's a little too late to start thinking about startin' all over
I'd rather stay where I am I can't take another slam in the mind
I've been feeling a little bad cause I've been feeling a little better without you
But remember my love is the sound that you hear in your mind
(guitar)
I've been running around even laughing at half of the mem'ries
And you're not hard to remember I just have to think of your name
I've been feeling a little bad...
And remember my love it's the sound that you hear in your mind
