

# Willie Nelson, What Do You Want Me To Do?

Well I can't read your mind  
When you changed all the time  
And I don't what's matter with you  
I think I do my share to show that I care  
So just tell me what do you want me to do  
I've tried to be kind but it don't work sometimes  
And you're not the same person that I knew  
And tell me where should I start to return to your heart  
And tell me what do you want me to do  
What do you want me to do with the dreams that I own  
Should I changed them to mem'ries and leave you alone  
Maybe I'm not too smart I guess you know me by heart  
And if my chances of winning are few  
Let my heart step aside with what's left of my pride  
And tell me what do you want me to do  
Tell me what do you want me to do
