

# Winans Phase 2, Always For You

Sometimes I just can't find the words  
To tell you the way that I feel  
'Cause I found a love that's so real  
And I've been searching all my life  
For someone to show me the way  
Then you turned my night into day  
I see clearly now, my arms are open wide  
And I'm gonna make it through with you here by my side

Chorus:

As long as the stars light up the sky  
Until the rivers have all run dry  
There'll always be love in this heart of mine  
Forever true (always for you)  
As long as the world keeps turning round  
I'll always be thankful for what I've found  
I'll never let the sun go down  
I'll keep shining through

Always for you  
Drifting on a lonely sea  
Without a friend in the world  
Then you were the voice that I heard  
And when your arms reached out for me  
You made me feel like I belong  
You gave me the strength to go on  
You are my hope, my prayer, when things are going rough  
You always give me the miracle of love

Chorus

Always, always for you with you by my side  
Sha la la here by my side, here by my side  
I see clearly now, my arms are open wide  
And I'm gonna make it through with you here by my side  
Chorus
