

# Wind Walkers, Euphoria (What A Feeling)

Run in circles 'til my body breaks  
Crumbled there while everybody watched  
Said I'd walk a thousand miles for you babe  
Though I knew I never really could

I'm not pacing  
Not complacent  
I'm somewhere in between  
I don't know if my conscience is relevant  
If there's nothing underneath

Woah  
I want euphoria  
(Wanna feel it)  
(Wanna feel it)  
Woah  
When will enough be enough  
Oh, don't wanna feel so numb

Take me back  
To a time and place less chaotic than this  
My breaking down seems ordinary  
Not holding on if there's nothing left to lose

I'm not pacing  
Not complacent  
I'm somewhere in between  
I don't know if my conscience is relevant  
If there's nothing underneath

Woah  
I want euphoria  
(Wanna feel it)  
(Wanna feel it)  
Woah  
When will enough be enough  
Oh, don't wanna feel so numb  
It's really cutting me up  
(What a feeling)  
(What a feeling)  
Woah  
When will enough be enough  
Oh, when will enough be enough

For me to finally feel  
This gun could clear my head  
My breaking down feels necessary  
Not holding on if there's nothing left to lose  
Hey  
Oh no oh no  
There's nothing left to lose

Woah  
I want euphoria  
(Wanna feel it)  
(Wanna feel it)  
Woah  
When will enough be enough  
Oh, don't wanna feel so numb  
It's really cutting me up  
(What a feeling)  
(What a feeling)  
Woah  
When will enough be enough

Oh don't wanna feel so numb
