

# Winterstorm, Windkeepers

the order of crow commanded me to  
enlight the bonfire up high  
the stairs of the tower lead into the blue  
the tower is covered in ice  
no fire is able to enlighten the flame  
a hundred believers have tried  
but Teron takes the fire's part  
so it will burn so bright

the elder can't believe his blinded eyes  
he arrests the chosen one for telling lies

friar can you help me  
make the elders see

LIGHT THE FIRE IN THE SKY  
CLIMB THE MOUNTAIN UP HIGH  
SO THE FLAME WILL BURN AGAIN  
AND EMBLAZE OUR GLEN  
LIGHT THE FIRE IN THE SKY  
AT LEAST YOU MUST TRY  
SO YOU BRING THE LIGHT AGAIN  
KEEP THE SPARK AFLAME  
AT ALL TIMES

the curious monk begins to hope  
he starts to climb he starts to lope  
the friar sees the shining light  
he knows the stranger has been right

step by step he's running low  
the stairway to the crows

elders listen closely  
the strangers speaks thr truth
