

WITCHUNTER, Lucifer's Blade

Shining blade of Darkness
Rising to bring the fear
Break the chains of silence
Scream rises from Hell

Cold steel and shadows falling
Blood is running out
Claws of deepest demons
Hold back the light

There is no light priest
That can defeat the Darkness

ah ah ah
Lucifer's blade
ah ah ah
Lucifer's blade

Heavy frozen lightning
Riding through the sky
Bloody tears are falling
On the cross of lie

Long horns of desolation
Watch the demons coming
Fire, death and steel
On the edge of world

There is no light priest
That can defeat the Darkness

ah ah ah
Lucifer's blade
ah ah ah
Lucifer's blade

(Solo Ace)
