

Wiz Khalifa, Big Pride (Bag Talk)

And you know we ain't dry on the side
We just keep gettin' profit, don't watch my pockets
Don't be mad, put your pride to the side
Real niggas don't gossip, lil' nigga, stop it
And you know we ain't dry on the side
We just keep gettin' profit, don't watch my pockets
Don't be mad, put your pride to the side
Real niggas don't gossip (Okay), lil' nigga, stop it (Uh)

Big bag, I'm a big bag talker
Diamonds in my chain, look just the Wheel of Fortune
Different colors, they both sisters but got different mothers
Park my whips together, pull up, make 'em kiss each other
New flavors, I got lots of new flavors
Hella lit with all these bottles at my fuckin' table
We know that it's night time, it look like the day, though
Why'd I worry 'bout being signed when I own the label?
Why'd I worry 'bout one horse when I own a stable?
I remember one room with the basic cable
I remember niggas talked, they don't want the fade though
I remember you's a trick so the pussy paid for, yeah yeah

And you know we ain't dry on the side
We just keep gettin' profit, don't watch my pockets
Don't be mad, put your pride to the side
Real niggas don't gossip, lil' nigga, stop it
And you know we ain't dry on the side
We just keep gettin' profit, don't watch my pockets
Don't be mad, put your pride to the side
Real niggas don't gossip, lil' nigga, stop it

I'm a big risk taker
Hundred on the neck, cop some ice for the wrist later (Wrist later)
Saw it, that's the deal breaker
Out in LA ballin', got me feelin' like a real Laker (Real Laker)
Shorty get a hand
All that postin' on the 'Gram ain't for free, that's her bread-maker (Bread-maker)
And I hardly go to bed
I could hardly see the day that my squad ain't gettin' fed (Gettin' fed)
Got a problem, nigga, say it
And that money so long, we don't count it, we just weigh it (We just weigh it)
Your respect, you better pay it
Or some niggas you don't know pullin' up to where you stay at

And you know we ain't dry on the side
We just keep gettin' profit, don't watch my pockets
Don't be mad, put your pride to the side
Real niggas don't gossip, lil' nigga, stop it
And you know we ain't dry on the side
We just keep gettin' profit, don't watch my pockets
Don't be mad, put your pride to the side
Real niggas don't gossip, lil' nigga, stop it
