Seeing no dough and re-ing more dro to burn up  
Keep it low though before the po-po swerve up  
Pull us to the side and them homos search us  
Gotta keep the work up, cause I was taught supply-demand  
Smoking putting Pistolvania on the map cause I'm the man

And my foot got a lil deeper up in the game  
It's hard seeing through all this reefer up in my brain  
Let the trunk bang while you weaving and switching them lanes  
Hope if you in the club let 'em know you moving through
