

Wiz Khalifa, Funkin

Too many cars outside, I might fire one up
Get you all dressed up, ah
Call you when I'm outside, I'ma pick you up
In my Rolls-Royce truck (Get in, girl)

Whenever you want to funk
I can give it to you
Whenever you want to funk
I can be the one you need
Whenever you want to funk
I can give it to you
Whenever you want to funk
I can be the one you need

I came to funk you up, girl (Girl)
I came to funk you up, girl (Girl)

Spend your time with me, right now
Come here, girl
Don't act like you don't understand what I'm saying
You le vou coucher avec moi
You know what the funk I'm talkin' about

Get down and dirty
Filthy
Freaky

All the way wrong
And all the way right
At the same motherfuckin' time
It's the motherfuckin' funk
Came to funk you up
Your mother and your daddy started funkin'
And you came out
God bless the funk
And funk us all
Funk you if you if you listen
I hope you get fucked in the head
