

# Wiz Khalifa, Good Time (feat. Young Deji)

La música de Harry Fraud

Who say we got enough time?  
Don't let it pass you by  
I'm just here for a good time, baby not a long time  
I don't wanna make you mine  
Who say we got enough time?  
Don't let it pass you by  
I'm just here for a good time, baby not a long time  
I don't wanna make you mine

Okay  
Got an ass on you, I could see it from the front  
Niggas down to pay for it, so you get just what you want  
Make 'em fly you out to games, make 'em take you out to lunch  
If the nigga don't pay, he can look but don't touch  
You be textin' all the time, like you miss me so much  
I ain't seen you in a minute, think it's time to pay up  
Say you don't get off 'til 4AM, I stay up  
I ain't waitin' for that pussy, bitch that purse gettin' took

Who say we got enough time?  
Don't let it pass you by  
I'm just here for a good time, baby not a long time  
I don't wanna make you mine  
Who say we got enough time?  
Don't let it pass you by  
I'm just here for a good time, baby not a long time  
I don't wanna make you mine

It's been a little minute since you been up at the crib  
And you need a nigga help, say you tryna get some bread  
If you talkin' to a nigga, I'ma tell you how it is  
If you suck a nigga dick, you might as well get rich  
Might as well make a nigga pay for it when he click  
Might as well get us both paid and bring another dip  
Four, five bitches in the section, you don't trip  
'Cause they all gotta pay breakin' bitches for they tips

Who say we got enough time?  
Don't let it pass you by  
I'm just here for a good time, baby not a long time  
I don't wanna make you mine  
Who say we got enough time?  
Don't let it pass you by  
I'm just here for a good time, baby not a long time  
I don't wanna make you mine
