Got a problem with my old girl?  
I'm in the mood for a new bitch

Even taught her how to hit a switch  
She don't care if her girl's there  
She taking dick

If she won't do it then the next bitch will  
Heard about the money  
All the millions on the deal  
Grabing on my shit keep trying to get a feel  
Bitch bounce that shit  
Getting out of line  
We don't allow that shit  
Getting other bitches
