

# Wiz Khalifa, No Change

What you niggas talkin' bout, seen it before  
Come to my crib smell the weed at the door  
Hustler hard real G in my pores  
It's a game to you while to me it's a sport  
Gettin' paid since I came off the porch  
Niggas fake so it ain't no remorse  
Treat the bank like a obstacle course  
Runnin' through account money need more  
Use my brain so I don't need force  
Love to drive fast so my car need horses  
Cameros, Ferraris, Porsches  
The bitch that I'm with, she gorgeous  
To lift my money up need a forklift  
Don't even hit me up, you ain't important  
Fingerprint where my door is, kk got me out in orbit  
She ain't mine, that's your bitch  
Niggas askin what the score is  
That mean they losin, I'm up with my alarm I don't never snooze  
You ain't walkin in my shoes  
And if I say do it then my niggas say do it too  
And if I roll up then my niggas roll up too  
Pourin shots at the party cause you don't know what we been through  
Ever since I was young went to ball nigga no hoop

We ain't dangerous, we ain't dangerous, no  
There's just no changing us, no changing us, no

Drop the top in the rain, we gon' fuck it up  
Earned everything I own, got the gold touch  
Love the game, miss my old life so much  
But I wouldn't trade it, ain't in no rush  
Learned niggas gon hate, so it's no trust  
For the k spent nine weeks on the bus  
It ain't just me dog, it's more of us  
I don't do it for the fame, do it for the love  
She can't live without me, say it's like a drug  
We ain't spendin' money on it if it's out the budget  
Stay to myself keep my business out the public  
You ain't talkin' money dog I ain't with the subject  
The real wanna see me win, fake niggas upset
