

# Wiz Khalifa, Retail (Remix)

Swoope, there it is

You my chocolate covered candy, going Willy Wonka  
I'ma scoot up in that truck, big body Tonka  
I just lift the doors up, then lit the dro up  
Four-hundred degrees, yeah I'm hot, but I'm still froze up (Yeah, yeah)  
When we stepping, they be acting like they know us  
All these racks coming in, I can't control them (Control)  
She get ratchet for the camera, she be posing (Uh)  
I just draped her out in designer, it be controlling her  
Blew a fifty ball and that was just a light day  
Diamonds bussin' off my wrist, it's like a AK (AK)  
And the price going up, I boost the ra-a-ate  
I'ma scoot, scoot, scoot like I'm Ray J

She a freak, huh  
Dime diva  
She a keeper  
Mona Lisa (Yuh)  
When I took you from that lame, you had on Reeboks  
Then I put you in that coupe, now they can't see ya  
Pick you up like a Lyft, you 'bout to ride it  
Pouring up, start sipping, now we flying  
Them Backwoods that we rolling super fat, they giant  
Peeping all the details  
Prada, Gucci, retail  
Shorty wanna ride the wave like a seashell  
Bags coming through, I'm trappin' off the email  
Know it ain't no stopping, keep it rocking, 'til I prevail  
Peeping all the details  
Prada, Gucci, retail

I-I'ma put it on, come take it off me  
And I'm moving like a G, you can't boss me (You can't boss me)  
All this ice on my teeth like a frosty  
I been grinding, no sleep, what it cost me? (What it cost?)  
Running through these bands get exhausting  
Got the new coupe in the driveway charging  
Satellites on my wrist look like a night when it's starry  
Mashing on the gas, doing donuts in the 'Rari  
(Okay)

Hellcat, seat back, I be where the money at  
Cute face, ass fat, workin' out the only way she get that  
Spit facts, legendary big packs  
Smokin' weed in traffic, go together, we ain't mismatched

Everything you do, I love everything you do  
Don't want to be alone, it look better, me and you  
I'll be there soon as you ready, hit me up, let's make a move  
You the one I'm gonna pick if I ever gotta choose

She a freak, huh (She a freak)  
Dime diva (Dime diva)  
She a keeper (Yeah)  
Mona Lisa (Mona Lisa)  
When I took you from that lame, you had on Reeboks  
Then I put you in that coupe, now they can't see ya  
Pick you up like a Lyft, you 'bout to ride it (Pick you up)  
Pouring up, start sipping, now we flying (Pouring up)  
Them Backwoods that we rolling super fat, they giant
