

Wiz Khalifa, Ridin' Round

Play me some pimpin, mayne
I was out ridin'
It was a sunny day, ooh-hoo, hah
So I rode by where we use to stay
I was out ridin'
I stopped and got a car wash that afternoon
So I rode by where we use to stay
Let's go, not afraid where we used to stay
Aw, shit, motherfucker
I was out ridin', hahahaha
So I rode by where we used to stay, uh

Pulled up on some niggas stuntin'
I had to hop out, show em' I was really 'bout that money
Heard he was talkin', he was talkin', he ain't really want it
I'm from a place you want a problem niggas get it jumpin'
I mix some chronic up with hash up in the joint I'm stuffin'
And jump in my car, jump in my car, to the floor, I'm gunnin'
And I've been shittin' since before I could afford the plumbin'
You niggas keep on talkin' classics, I got more that's comin'
Order somethin', uh

Ooh-hoo, hah
So I rode by where we use to stay
I was out ridin'
I stopped and got a car wash that afternoon
So I rode by where we use to stay
Let's go, not afraid where we used to stay
Yeah, I roll through my old neighborhood, North Memphis
I was out ridin'
Evergreen
So I rode by where we used to stay
Hollywood, Hopkins and Brown
You know what? Let's get it

Pushin' through my city like I'm Diddy, heavy on that dough
With a white girl with me in a two-seater, white girl full of coke
Straight from Memphis 10, ain't no hater gon' stop me
Juicy J been paid, got a Phantom in both pockets
I'm high as fuck, can't even see
Lookin' for your baby-mama, that bitch with me
Say I'm gon' get her high, she gon' fuck for free
Man, she looks much better when she on her knees
Put her on the cabbage, I don't do the babbage
Smokin' all the green, rockin' all these karats
Ridin' 'round gettin' high ain't a bad habit
Make weed disappear, do you believe in magic? (You believe in magic?)

Ooh-hoo, hah
Uh-huh
So I rode by where we use to stay
Ride around, get high all day
I was out ridin'
No worries, man
I stopped and got a car wash that afternoon
So I rode by where we use to stay
Tryin' to get some pussy tonight, you dig?
Let's go, not afraid where we used to stay
And if a nigga still call my phone man, it's gon' always be about cash
I was out ridin'
So I rode by where we used to stay
Real talk, mhm
Ooh-hoo, hah
Yup

So I rode by where we use to stay
I was out ridin'
I ain't chasin' a ho man
I stopped and got a car wash that afternoon
So I rode by where we use to stay
Real talk
Let's go, not afraid where we used to stay
I'm on a paper chase
Well, you niggas could do that shit if you want, but, uh
I was out ridin'
So I rode by where we used to stay
I got too much money tied up
Ooh-hoo, hah
So on that note
So I rode by where we use to stay
Ain't gon' never stop makin' money
I was out ridin'
I know a lot of niggas be like
I stopped and got a car wash that afternoon
So I rode by where we use to stay
"Damn, nigga still at it"
I told you niggas, never
Let's go, not afraid where we used to stay
There will always be cash and hoes
I was out ridin'
Drugs
So I rode by where we used to stay
Strip clubs ain't gon' never close
Ooh-hoo, hah
So y'all niggas know what it is
So I rode by where we use to stay
