

# Wiz Khalifa, Taylor Life

What I'm smokin' got me feelin'  
Like we ain't ever comin' down tonight  
And I came from the bottom, nowadays they see me winnin'  
The Taylor way is how I live my life  
What I'm smokin' got me feelin'  
Like we ain't ever comin' down tonight  
And I came from the bottom, nowadays they see me winnin'  
The Taylor way is how I live my life

Throwin' tips to the distributors  
Only focus is our kids and the culture we contribute to  
Pull up book, invite the prime minister  
Hundred black cars in a line, bulletproof, never dyin'  
Gold pieces with diamonds to tell our time  
All our women fine, team solid, never drop dimes  
Came up out the sky with a Louis bag and a pound  
Some pairs of Air Force Ones  
I'll make a million dollars 'fore I'm done  
Focused on funds, cars with engines in the trunk  
We leavin' the venue drunk  
They pointin', sayin' we livin' it up  
Get as much as you give? Well, shit  
I'm tryna give it all so I can get it back  
Now Taylor Gang that

What I'm smokin' got me feelin'  
Like we ain't ever comin' down tonight  
And I came from the bottom, nowadays they see me winnin'  
The Taylor way is how I live my life  
What I'm smokin' got me feelin'  
Like we ain't ever comin' down tonight  
And I came from the bottom, nowadays they see me winnin'  
The Taylor way is how I live my life

Since the first turkey bag, we ain't never look back  
My nigga said he'd get the hotel  
I said "Nah, I'll sleep on the couch," and that was that  
We here right on time, hater, relax  
Raw papers by the pack  
Wakin' up neighbors  
Was on the road for a couple months so I stacked  
Taylor Gang, Jet Life, fill the walls up with plaques  
Leadin' by action, rollin' weed up in a classic  
Relaxin', leave the show with too much cash to spend  
Get back to the pad  
Remember days when niggas was doin' bad  
Now our girls look like they doin' ads  
Wasn't into sports or too into class  
But all my chains look like your phone flashin'  
New estate, the gate automatic

What I'm smokin' got me feelin'  
Like we ain't ever comin' down tonight  
And I came from the bottom, nowadays they see me winnin'  
The Taylor way is how I live my life
