

Wiz Khalifa, Tha One

Boss'd up if I wanna make a move
Learn from my lessons so I never lose
Not the two, I'm the one, I'm the one, I'm the one
Not the two, I'm the one, I'm the one, I'm the one

Break down and roll up the whole pound fasho
Thirteens on my whip, we rode down the ghost
Everything look kind of new, but this paint a classic coat
Smoking Khalifa kush, it's fresh off the boat
Turned her into a pro, she hit it twice and don't choke
Asked her if she could hand the phone, we can use that as a remote
Ski trips, we get so fly, she got Balmain on her coat
Each trip we get so high, we just smoke out with no snow
Know what they say but this life ain't regular
No, I ain't lettin' up
I roll my medicine soon as I'm gettin' up
My crown you'll never touch
My kush they wanna puff
My foot stay on the clutch

Boss'd up if I wanna make a move
Learn from my lessons so I never lose
Not the two, I'm the one, I'm the one, I'm the one
Not the two, I'm the one, I'm the one, I'm the one
