

# Wiz Khalifa, The Plan

I'm gettin' high as fuck in this trippy niggas  
Must be some real shit though  
Let's get it, hear we go  
I looked in the mirror today  
And seen the realest nigga I ever met in my life  
Hahahaha, uhh

I done smoked weed where they said I can't  
Got rich when they said I can't  
Got high and got on the plane and brought all my niggas when they said I can't  
Went shopping places they said I can't  
Bought some shit that they said I can't  
Jumped on the road and did all them shows cause I was poppin' places they said I ain't  
Went hard in places they said I can't  
Promoters call and try and set up dates  
Bought the car with that yellow paint  
Go to parties now and they set up drinks  
And it's first class, so I'm private plane  
Nudie jeans with my get up mane  
Rolling papers and Mary J  
I made eleven mill and I'm still the same

What's with all these niggas and their feelings, man?  
All of this and I'm still the man  
Thought of this when I was just a fan  
But all this money wasn't in the plan  
Now it's all about them Benjamins  
Ballin' hard and you in the stands  
All this money I'm a business man  
Out of all these niggas I'm the realest man  
What's with all these niggas and their feelings, mane?  
All of this and I'm still the mane  
Thought of this when I was just a fan  
But all this money wasn't in the plan  
Now it's all about them Benjamins  
Ballin' hard and you in the stands  
All this money I'm a business mane  
Out of all these niggas I'm the realest mane

Out of all these niggas, they callin' me the realest  
Started underneath the floor, now my money through the ceiling  
Always staying on my grind, turned nothing to a million  
Used to just tryna live, now a nigga make a killin'  
Gold Rollie on my arm, ten rings like a don  
Cuban links in my chain, Zigzag on my charm  
Champagne on ice, good weed in the jar  
Everything Hermes, Chanel seats in the car  
When you all know them fuck niggas start hatin'  
Talkin' 'bout what they gon' do but I'm waitin'  
When you getting rich, they doubt you  
Shout-out my gang and my brother Will cause I couldn't do this without you  
Fo' real!

What's with all these niggas and their feelings, man?  
All of this and I'm still the man  
Thought of this when I was just a fan  
But all this money wasn't in the plan  
Now it's all about them Benjamins  
Ballin' hard and you in the stands  
All this money I'm a business man  
Out of all these niggas I'm the realest man  
What's with all these niggas and their feelings, mane?  
All of this and I'm still the mane  
Thought of this when I was just a fan

But all this money wasn't in the plan  
Now it's all about them Benjamins  
Ballin' hard and you in the stands  
All this money I'm a business mane  
Out of all these niggas I'm the realest mane

Eighteen racks, I pay the dough  
To send them goons straight to ya door  
To show you niggas what's real and let you meet that .44  
Run your mouth, you in the trunk  
Glock to your head, nowhere to run  
Catch you niggas when you by yourself  
We gon' hit you niggas with a hundred drums  
Boat load, no babbage  
Good drank, I'm famished  
Bank account outlandish  
Big real estate, sittin' on land, bitch  
Niggas out there tryna test me  
I put the AK where his chest be  
Don't fight with hoes, don't fight with niggas, no security, bitch, so don't test me  
Double cup full, I be sippin' up  
Mob niggas, man, real criminals  
If a nigga find you, they gon' hit ya up  
With a Bin Laden chopper that'll split ya up  
All these hoes be jockin' tryna get with us  
They gon' swallow this nut, no spittin' up  
Your niggas get murked, your niggas in jail, my team gettin' money stay full of drugs

What's with all these niggas and their feelings, man?  
All of this and I'm still the man  
Thought of this when I was just a fan  
But all this money wasn't in the plan  
Now it's all about them Benjamins  
Ballin' hard and you in the stands  
All this money I'm a business man  
Out of all these niggas I'm the realest man  
What's with all these niggas and their feelings, mane?

Now it's all about them Benjamins  
Ballin' hard and you in the stands  
All this money I'm a business mane
