

Wiz Khalifa, Too Many Shots

Beat that motherfucker up, Quad (AceTheFace)
Mhm

Rocks on my wrist, rocks on my fist
Walk in this bitch looking toxic as shit
Know that's his girl, I'ma talk to his bitch
Leaving here with me, I got her convinced
Shootin' my shot and I'm not gonna miss
Taking these bitches down, I got a gift
Stick to this money though, I'm getting rich
Bunch of rich folks on the block that I live
Fucked the bitch once and she not gon' forget
Never seen a buss down, never seen a chain hangin'
'Round a nigga neck like this when I come 'round
Oh, I bet you're having fun now
Bad bitches walked up in here and now you turned down
Don't know how to suck dick? You gon' learn now
Heard you like to do freak shit, it's confirmed now
Come around here, I'm the man in my town
Ounces or pounds, I be burning it down
Taking them shots, I'm concerned with her now

Say my name, say my name
Say my name when I'm in it
Say my name when I hit it
Say my name when I finish
Say my name, say my name
Say my name when I'm in it
Say my name when I hit it
Say my name when I finish

Pull up in a Rolls Royce truck
Nigga tried to tuck his bitch, he ain't have no luck
Should've left her with you, I ain't really give a fuck
Ganged out, slanged out, nigga get banged out
Heard she a little demon, got her fangs out
I'm the nigga she don't play 'bout
Heard you wanna take a lil trip for the week
Know how to take dick, don't speak
You should come to my crib, creep-creep

Say my name, say my name
Say my name when I'm in it
Say my name when I hit it
Say my name when I finish
Say my name, say my name
Say my name when I'm in it
Say my name when I hit it
Say my name when I finish

Roll up some fatty's, stuff some cones
Come to the crib, kick it
Get a few pre-rolled, you know what it is
