Knew this bitch named Traj, she had a hella fine ass

Candy-ass, blew my hole in the past

Pussy dick to the tippy toe like ballerina

Boy you shoulda seen her

She had a babyface creamer Purinas

Called up talkin Tina

I put my dick in a broom

She blew my head like a balloon

I had her walkin on the moon

[Verse Two: Cappadonna]

Yo, I seen you at the five and dime wastin your time

Oh you shine, I'm lookin at your ass from behind

You walked by smellin like watermelon

You might make me a felon, my eyeballs swellin

My nuts start yellin, excuse my prick

Wanna have a talk with you, I'm sick

My medicine is can I walk with you, fantasy

After that we can cheat, laid on the bed

Handcuffed with hard meat, long stroke smackin

Smack it then broke, nothin can't stop my

continous poke, compound

Porno flick music, Daddy came with it when I wrote it

[Verse Three: Ol Dirty Bastard]

Idle worshippin bitch wasn't the type to make bridle

Sprung, on how the bitch maneuvered her tongue

>From the top of his dick, to the bottom of his ass split

I told the God to jet quick this wicked bitch was a harlot

She wasn't choosy fucked for movie and a loose leaf

cigarette, pussy stay wet and juicy like lemons

Big ass in tight denim

Had the most faithful niggaz sinnin against their women

and enjoyed, to watch relationships get destroyed

This unemployed welfare bitch was non-void

and shameless, her attitude was blameless

Even though she had a hundred dicks on her namelist

Her obsession, caused niggaz to get, the ass cheek injection

The bitched lied, said she had urinary tract infection

I tried to warn em, and bomb em, but she conned em

Wanted niggaz to fuck her raw dog without no condom

[Wu-Tang movie samples]
You people are all trying to acheive the impossible
That's exactly what we've done
But you'll fail, and you'll all die
If we die, the next generation will fight them too
And the one after them, for as long as they must
And eventually we shall succeed
