

# Wynn Stewart, Baby It's Yours

If you want my kind of love baby it's yours  
If you want the stars above baby they're yours  
If you want a love that's true then I will give it to you  
Just say the word and baby it's yours

I'd build you a castle fit for a queen  
If I knew you wanted me to be your king  
I'd love to spend my life lovin' life with you  
Just say the word and baby it's yours

Just say the word and take my hand  
Just say the word I'll be your man  
My heart belongs to only you you're the only one I can give it to  
So just say the word and baby it's yours

If you want my kind of love baby it's yours...  
Yours just say the word and baby it's yours baby it's yours
