

Wynn Stewart, Care

Care oh what a beautiful word for those who had somebody to
Care where they go what they do what they say
And if they are happy or blue
Care wish I could recall how it was when somebody cared long ago
Cause the difference is driving me out of my mind
And the difference I'd sooner not know

Life in two dollar rooms and cheap hotels they mean less and less every day
So if I don't see tomorrow well who's gonna care anyway
Oh care wish I could recall how it was and the way our love used to be
But the difference is that I'll always care
And now you don't care about me

Oh care oh what a beautiful word for those who have somebody to
Just care where they go what they do what they say
But no one will care if I go oh care
