

X Ambassadors, Torches

If you get lost in the shadow
There's a fire inside you
Be the light that guide you

Come on carry your flame
Carry fire
Even in the darkness
Carry your torches
Come on carry your flame
... in fire
Even in the darkness
Carry your torches

Bring on your bows and arrows
Bring on your fangs and feathers
If you get lost in the shadows
There's a fire inside you
Coz you know that I'll find you

Come on carry your flame
Come on, carry fire
Even in the darkness
Carry your torches
Come on carry your flame
... in fire
Even in the darkness
Carry your torches
