

Xayro Seversky, Radiance (Demo Version 3)

I don't mind the rain when I'm with you
Precipitation falls like me for you.
Our forecast shows nothing but
Radiance, Radiance
I see it in your eyes

so...

I want to feel like this forever. forever.
And now I know that I'm gonna be alright.
With you in my life it feels amazing
More than I could of imagined
I won't ever let you go - for life.
You want to feel like that forever. Its true.
So now you know that we can be together.
With you in my life, I feel the sunshine.
I will be by your side,
so I can feel your glow - for life.
