

# Xiu Xiu, Xiu Xiu - Nieces Pieces

I can't wait to watch you get older  
I can't wait to meet that first boy that breaks your life  
I can't wait till you realize the family you've been born into  
I can't wait to watch you turn from good to bad  
I can't wait to tell your grandpa made your mommy  
play stripper while your uncle watched  
I can't wait to tell you I punched your mommy in the chest  
In front of her new friends  
I can't wait till you realize mommy's heart is broken  
I can't wait to watch you grow up around the people who broke it
