

XXXTENTACION, BAD!

shawty, heard you bad word,
So profane!
something like a bad word
want your love
call me when you can, girl
Going up, going down
in and out
turn around!

shawty, heard you bad word,
So profane!
something like a bad word
want your love
call me when you can, girl
Going up, going down
in and out
turn around!
Love the way you movin' now

I might be insane
But I'm in pain,
Feel it in my brain,
Real life, she just wanna heal right□
'Cause I give them chills

shawty, heard you bad word,
So profane!
something like a bad word
want your love
call me when you can, girl
Going up, going down
in and out
turn around!

shawty, heard you bad word,
So profane!
something like a bad word
want your love
call me when you can, girl
Going up, going down
in and out
turn around!
Love the way you movin' now
