

Yasmien Kurdi, I Know

I don't need to own a fancy car
To drive with you around the city
I don't need to live in a palace like house
A simple home is enough for me
I don't need much
Only your attention
I had to hope
To make me feel that i am not alone
I know
Is you my life is worth living
I know
Is you my life is gonna be just fine
I know
If you each day begins with a smile
I don't really have to worry
Somethings won't workout for me
I don't really have to bother
Just as long as you here with me
I don't need much
Only your affection
To see me through
To make me feel that i am not alone
I know
Together we can make our dreams come true
I know
But through the years we won't be growing old
I know
Counting stars won't be so hard to do
There will be your always time
At the end of the tumble shine
Our love for each other never fails
Baby i just know
(i know)
I know
(i know)
I know... wooahh..
I know
(i know)
I know
(i know)
Wooahh...
I don't need much
Only your affection
To see me through
To make me feel that i am not alone
