

Years & Years, Foundation

There's a scratch on your shoulder
Crushes me like
Crushes me like lead
Ain't no one to get older
All the things I want
I really shouldn't get
If I triumph,
Are you watching
Can you separate everything for me
Mmmmmm you used to work me out
But you never worked it out for me

There's a scratch on your shoulder
Crushes me like
Crushes me like lead
Ain't no one to get older
All the things I want
I really shouldn't get
If I triumph,
Are you watching,
Can you separate everything for me
Mmmmmm you used to work me out
But you never worked it out for me

And your ... Looks good
I wanna love it so much
I wanna be the one
I wanna do what you love
And I was lying
I don't really want love before
It's all over

And there's a scratch on your shoulder
It crushes me like
It crushes me like lead
Ain't no one to get older
And all the things I want
I really shouldn't get
