

# Yellow Tricycle, A Lovers Prayer

I'll be the heat when you're cold  
I'll be the star in the night  
I'll be the peace when you get mad  
I'll be the river when your soul runs dry  
I'll be the colours when you're black and white  
I'll be the ocean when you need to stray  
I'll be the reason that you wanna stay  
I'll be the music when you wanna dance  
When there's no hope I'll be your last chance  
I'll be the smile when you're sad  
I'll be the peace when you get mad
